

MERCATO

Mercato is a family restaurant with a rich 50+ year history of serving quality food to generations of guests. We pride ourselves on making every person who walks through our door, whether a first-time diner or a regular, feel like they are part of la famiglia di Mercato. Our coal-fired, handmade brick oven is unique in both its design and the food that comes out of it. The 225 sq ft. oven reaches temperatures near 1,000°F and requires an experienced pizzaiolo to properly cook the pizza to our high standards.

Mercato is named after the Italian word for 'market' and in the spirit of the word we strive to always be a welcome meeting place for our community.
